6. What’s Next for the AWG?: Highlights of the approach for the AWG going forward include:
  - a. Meeting Format & Cadence: AWG Steering Committee meetings will be held quarterly and will be shorter (typically 60-90 minutes). A “consent agenda” approach will be used to efficiently table items for group input and approval.
  - b. Issues/Issues Log: The AWG will continue to work toward the resolution of remaining issues. Remaining issues will also serve as inputs to LTSA’s Products & Services Roadmap, and progress toward issue resolution will be reported to the AWG regularly.
