Working Session:

Adoption Working Group - Delivering on our Objectives

Recap: AWG Goals & Objectives

The Goals of the AWG:

*"... serve as a forum for adopter organisations to communicate with LTSA and the ICI Society concerning identification and resolution of **barriers challenges** to the adoption of ParcelMap BC in their organization."*

and

"... serve as a means of identifying and facilitating and/or prioritizing the development of value-added products and services that the LTSA, ICI Society or others may provide to adopter organisations to enhance the value of ParcelMap BC over the longer term."

Objective is to promote Adoption, where:

*"ParcelMap BC is recognized and used as the authoritative cadastral parcel fabric representation in BC, spatially and for **accompanying** attribution, by the Adopter organizations, which include local governments and major utilities in the Province, among others."*

innovation. | integrity. | trust.

Adoption Working Group - Delivering on our Objectives

Review: Facilitator & Participant Roles and Expectations

Participants:

1. Understand and represent the interests of the Adopter organization that they represent, along with any relevant PMBC-related opportunities for their organization or barriers to PMBC adoption.
2. Actively participate in AWG meetings through attendance, discussion, and review of minutes, and other AWG-related documents.
3. Individual members may represent, or act as a proxy for, peer organizations by tabling questions or issues that are of common interest to a particular Adoption Group.
4. Take a genuine interest in the project's outcomes and overall success.

Facilitators:

1. Prepare and distribute AWG meeting agendas and related meeting materials in advance of each meeting.
2. Assist AWG participants in articulating issues, barriers and opportunities in an actionable way.
3. Ensure that AWG meetings are efficient and productive through exercising effective facilitation skills to ensure meeting agenda goals are achieved in the allocated time.
4. Clearly and succinctly summarize AWG meeting minutes, decisions and actions.

Thought Leaders & SMEs

Coordinating resources to address challenges

Creating benefits by identifying opportunities

Making room for others when needs are met...

Working Session:

Adoption Working Group - Delivering on our Objectives

How To: Communicate AWG activities to greater community

What can we do to better inform the greater adopter community of AWG activities, outcomes & successes?

As AWG Facilitators & Participants

As LTSA, ICI Society, Community Thought Leaders, Others?

What “hooks” should we use to generate interest?

ex. Highlight ALC, BCA & Federal Lands progress as relevant successes?

What is important to the community?

Any variation by Adopter Group?

Working Session:

Adoption Working Group - Delivering on our Objectives

How To: Get input from the greater community to the AWG

Are we missing any venues or channels for engagement?

Reaching wider and/or reaching upwards

“Word on the Street” - Are you bringing peer issues to the AWG?

What can AWG Facilitators do to help?

Shop Talk: Do you regularly engage with your peers?

Working Session:

Adoption Working Group - Delivering on our Objectives

Status Check: What's working? What's not?

What are you getting out of the AWG?

Meeting your expectations or missing the mark?

Have you felt engaged & a representative for your peers?

Focus on soliciting Challenges from Participants

Has this approach been working?

Is it effective in uncovering your Challenges?

Are you seeing results?
